Dear Sir/Madam,

F.A.O. HEAD OF COMPLAINTS

I refer to the attached intimation (sent to Govan Police Station prior to moving to the above business address), and I find it staggering that Police Scotland, to date, has not responded to the reasonable request of an update regarding Complaint / Incident No. **20220120-1333** created by PS Alan Burrell on 20 Jan 2022.

Scotland's First Minister, and other key decision makers regarding Public Health in Scotland, must be brought in for questioning. If they cannot present sufficient dispositive evidence that SARS-COV-2 / COVID-19 exists then they must be charged and tried in a court of law.

I now duly request an update from your own investigations department of the status of this investigation.

For ease of reference please duly respond to the following email address:

Yours faithfully
