Dear Ms Bain,

Re. No response from Police Scotland after evidence sent of Medical Fraud (Incident No. 20220120-1333)

I refer to the attached intimation I sent to Govan Police Station on 7 June 2022 and also to the Head of Complaints at the Professional Standards Department at Police Scotland on 7 July 2022. **Neither has replied after I sent copies of two damning Freedom of Information responses showing evidence of Medical Fraud in relation to SARS-COV-2 / COVID-19.**

Scotland's First Minister, and other key decision makers regarding Public Health in Scotland, must be questioned by police. If they cannot present sufficient dispositive evidence that SARS-COV-2 / COVID-19 exists then they must be charged and tried in a court of law. The burden of proof is with the claimant yet FOIs show neither the Scottish Government nor Public Health Scotland has any.

If the police refuse to investigate Nicola Sturgeon and former Cabinet Secretary for Health and Sport, Jeane Freeman (who wanted FOIs suspended), Dr Catherine Calderwood, Jason Leitch, Dr Gregor Smith, Prof. Linda Bauld, Dr Devi Sridhar etc. then the only conclusion I can draw is that they are all above the law. And that means Scotland has descended into fascism.

While investigations are ongoing the covid vaccine programme must be stopped immediately because people, including pregnant women and children, are being injected and maimed every day in vaccination centres across the country. When it could very well be that there is NO MEDICAL NECESSITY for any injections to be administered.

NO PROOF OF SARS-COV-2 = NO VIRUS = **NO VACCINES NEEDED** = ONE HEINOUS CRIME.

I would be grateful if you would update me as soon as possible with the status of this investigation, and, if no investigation is currently being carried out, can you please have it re-opened?
